

12 FEBRUARY 2020

SUBMISSION into RULE 24 of COUNCIL'S RULES OF ORDER.

Submission in terms of Rule 24 of Council's Rules of Order for the scheduled council meeting of 27 February 2020.

The current saga of National Treasury threatening NMB to withhold equitable share/grant funding has reference.

In the absence of the permanent City Manager Mr Johann Mettler, the administration of our Metro erred in a number of ways resulting in the situation in which we currently find ourselves.

The disciplinary process against him has borne no outcome in spite of the costs escalating to more than R8 million. This, we can ill afford.

I move that Council takes a decision to drop the spurious charges against Mr Mettler and that he is immediately reinstated as City Manager.

I so move.
